To whom it may concern

**Re:- Business Fix Limited**

In June 2012 I attended a course run by Business Fix Ltd. on how to write successful Pre Qualification Questionnaires. The course was very informative and beneficial to our tendering process.

Since then we have contacted Paul McDevitt to advise us on a difficult PQQ with which we were subsequently successful.

I would highly recommend Business Fix as experts in their field.

Regards,

Finbarr Fox
